ASH CASKETS ASH KEEPSAKE JEWELLERY BOOKS OF CONDOLENCE
PLANTABLE SEED PAPER MEMORIAL STATIONERY

Shaw's Funeral Products, a division of Shaw & Sons, founded in 1750, are suppliers of high quality commemorative items.

Foremost is a range of unique ornamental ash caskets in a variety of materials and styles, from the traditional to the ultra-modern. Most of these exquisite items are hand made by craftsmen and all pass stringent quality tests to ensure that they are amongst the finest urns available anywhere. Miniature keepsake versions of many of the urns, as well as several additional styles, are available for use where ashes are to be retained by more than one relative or friend of the deceased.

Also featured is a high quality ash jewellery collection to contain mementos of loved ones.

A series of beautiful memorial books is available in a choice of styles, to record tributes to the deceased.

Finally, seed paper memorial stationery offers a truly unique opportunity to create a stunning floral memorial to a loved one. Bereaved individuals can grow their own garden tribute by planting the detachable adornments from their token or bookmark. Adornments are crafted into a variety of shapes from a handmade paper consisting of cotton, wildflower petals and perennial wildflower seeds. When planted, they will grow and blossom into beautiful wildflowers.

SPECIAL NOTES	

REMEMBRANCE ITEMS

The following pages feature our range of exquisitely crafted cremation urns. These beautiful pieces come in a wide variety of materials and in styles that range from the traditional to the ultra-modern.

Every urn is meticulously checked to ensure it is of the highest quality and blemish-free.

Many of the following urn designs are patented to ensure that they cannot be copied; however, it has not been possible to patent all the designs and buyers should be aware that similar products available elsewhere may not be made to the same exacting standards.

All urns shown here are available from stock. However, we are able to supply a great many other styles to special order: our complete range can be seen on our website www.shawfuneralproducts.co.uk

This icon symbolises that the item or range is part of the Funeral Products collection, premium quality-products made under fair working conditions.

The Signature Collection

Each of these urns is a work of art and makes a stunning feature in any setting.

“Lotus Flower”

This stainless steel lotus flower is simply breathtaking... Its sculptural petals surround a central ashes chamber with a circular plate which seals upon assembly with the use of a double-sided adhesive pad.

Colour: Stainless steel

“Wrapped Motif LED” 

A glazed ceramic shell gently encases a delicate motif which is illuminated by two LED lights (battery operated). These urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place. Apply supplied adhesive around the inner rim of the plug and press into place.

Metal 'Odyssee' Urns 

The metal alloy urn range is notable for its contemporary take on traditional shapes and symbols, and for its ability to complement most interior decor. Manufactured by local craftsmen in India from first-rate materials such as brass and aluminium, these urns are coated with a special lacquer which gives the urn its shiny gloss and a long-lasting protection.

The teardrop and butterfly urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place.

Every crystal urn from the collection is made from the world-famous Bohemian crystal. This crystal from the Czech Republic is characterised by having the same sparkle as diamonds.

Each urn is hand blown by an experienced professional and is an exclusive piece of art. The art of glass-blowing has been around for millennia, but is still considered today as a demanding technique which is very difficult to master. This is why each urn has its own unique details, although the basic design always remains the same.

The urns are provided with a stainless-steel stopper, which gives the product an extra elegant look.

The stone that is used for these marble urns comes from highly-prized stone caves in Asia.

Each urn is finished and polished by hand. As marble is a natural product, no two marble urns will ever be the same.

Marble urns feature lids which rest atop the urn. Lids can be glued in place to permanently seal the urn.

Marble keepsake urns have a plastic plug / screw closure.

The Celest urn range is an elegant, glossy and contemporary take on the classic and symbolic teardrop shape which will complement most interior décor. The urns are artisanally manufactured using premium-quality ceramic. Specially selected ingredients are blended into clay, moulded into an urn, and decorated with an innovative finish.

Ceramic urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place.

Infant Arboform Urns

Our baby and child urns have been designed to express the essence of childhood, using motifs of innocence and play.

The biodegradable material from which this urn is made 'Arboform' allows you to bury the urn should you so wish (they are designed to biodegrade fully over a period of approximately 7 years). Alternatively, if you prefer to keep the urn close, it will remain suitable for display purposes indefinitely, as it will remain stable until buried.

Infant Steel Urns

Our baby and child urns have been designed to express the essence of childhood, using motifs of innocence and play.

All the styles shown have push-on lids which stay in place and therefore further sealing is not necessary.

These urns are also suitable for use as adult urns as capacities are larger than the recommended 3.5 litres.

Customisable Urn Bases

Our customisable urn bases are the perfect way to personalise an urn without having to engrave or damage the urn itself.

Bases have a dark brown/black gloss finish with wood effect platform 4.5cm deep. They come in three sizes (small, medium and large) and are customised using either a silver or gold effect plaque. A meaningful message or name can be engraved on the plaque (engraving advisable, but not limited to, up to approximately 3 lines of 30 characters).

- Provides a stable and solid base for the urn
- Felt pads are applied to the base to prevent scratching to and slippage on the surface the base is displayed on
- Ideal for use with most urn styles with a circular base

Wooden Miniature Keepsake Urns

These simple but stylish carved oak keepsake urns are a perfect way of keeping cremated remains discretely.

Perfectly sized to fit into the palm of your hand, they contain two hidden recesses within the clever design of the heart. One holds a miniature glass phial, the other can store a lock of hair, a piece of jewellery or other small keepsake items.

Contents are protected beneath clear perspex screens with rubber seals which can be concealed by placing a photo above.

The innovative design slides open with a unique rotating action and uses a discreet and secure magnetic closure.

Each heart comes in an attractive presentation box, complete with soft display stand and velvet pouch.

UAL-133

These simple but stylish heart keepsake urns are a perfect way of keeping cremated remains discretely. Inside each of these elegant, hand-crafted miniatures is a hidden chamber that will hold and protect a memory of a loved one.

They are sealed using a screw-in plug at the base.

See also page 5 for further designs of miniature metal keepsakes.

Ceramic cuddle stones are comforting forms which are soothing to hold in the palm of the hand.

Available in a variety of colours, these cuddle stone keepsakes will hold a token amount of ashes to hold and protect a memory of a loved one.

We supply an adhesive label for the hole. Alternatively, for a permanent seal, a silicone sealant can be injected evenly in the opening on the base by using a sealant gun (not supplied).

Our cuddle stones hold a capacity of 0.05L, stand at 6cm tall and weigh 0.1KG.

Ash Tubes for Green Burial for Scattering

Scattering tubes are specifically designed to provide a practical way for family members and close friends to scatter the ashes of their loved one after a cremation service at their chosen location. As well as being an easy-to-use scattering solution, they are also ideal for green burial or keeping at home as an urn.

Infant styles also available. See page 23.

Even if the decision is to scatter the ashes, a small amount could be retained in a miniature keepsake urn to hold and protect the memory of a loved one. See pages 24-27.

Long-Term Biodegradable Urns

Long-term biodegradable urns are designed to biodegrade fully over a long period of several years.

They are also suitable for display indefinitely as they remain stable until they are buried in soil.

For further decorative styles that biodegrade fully over the long term, please see 'Arboform Urns' on pages 20-22.

“Arboform urns”

An extensive range of Arboform urns – including those shown above – can be found on pages 20-22.
 Arboform is biodegradable over 5-8 years when buried but urns will remain completely stable if used for display purposes.
 Arboform is a sustainable thermoplastic material.

Short-Term Biodegradable Urns

Shaw's Funeral Products are pleased to offer environmentally friendly and 100% biodegradable urns which have been designed to biodegrade fully over a short period of weeks.

Biodegradable urns from the Urnature collection have been developed with minimal ecological footprint but with maximum quality and design. Suitable for a natural funeral as well as for a funeral on the water, an opening at the bottom that is covered with recycled cardboard will fill up slowly when dropped in water and cause the urn to gradually sink to the bottom.

The GreenLeave foundation focuses on making sustainable, green funerals more accessible. The association tests funeral related products against strict sustainability criteria, so that relatives can be assured that they are organising a sustainable farewell.

Urnature’s products meet these requirements and proudly carry the “GreenLeave Approved” label.

These styles are handcrafted from biodegradable materials. When placed in water they will float briefly and sink to the bottom, where they break down naturally over time.

Titanium Jewellery

The titanium keepsake pendants offer not only striking design, but amazing wearability for both men and women. As lightweight as they are lustrous, these beautiful pieces are crafted from highly durable titanium. Prized for its health benefits as well as its long-lasting beauty, titanium is stronger than steel yet surprisingly lightweight. Titanium is non-magnetic and hypoallergenic, which makes this unique material ideal for everyday wear.

Necklace chain links are not adjustable.

A titanium chain is included with all orders of titanium pendants.

PLANTABLE SEED PAPER MEMORIAL STATIONERY ITEMS

Plantable seed paper memorial stationery offers a truly unique opportunity to create a stunning floral memorial to a loved one.

These tokens consist of detachable adornments – available in the shape of hearts or butterflies – affixed to a backing card with a thoughtful message printed to the face. The adornments are handcrafted using cotton fibre, British wildflower seeds and petals which, when planted, grow and blossom into beautiful wildflowers, creating a perpetual tribute to the deceased.

Full planting instructions are printed on the reverse of the token. Both the tokens and the bookmarks can be customised to the face with personal messages (this service is free of charge on all orders of 200 or more). Company details, messages and logos can also be printed on the reverse of the card at additional cost.

Our artisan paper makers are part of the world's oldest mechanised paper mill - the birthplace of paper's industrial revolution.

However, there is nothing mechanical about the production of our seed paper. Entirely handmade using the traditional method, our seed paper belongs to a bygone era and is totally ecologically sound.

Applications for plantable seed paper memorial tokens or bookmarks:

- As a thoughtful gift to attendees of the funeral, so that every attendee can grow a tribute to your loved one, or retain as a souvenir to remember your loved one by.
- To send to those unable to attend the funeral service, so that they can hold their own memorial service in their own garden.
- For community remembrance ceremonies, e.g. clubs and organisations who want to do a mass planting in memory of someone who has passed.

Wondering what to do with the ashes?

Nowadays, with burial becoming less popular, you are afforded many choices as to what to do with the cremated remains of your loved one.

There are four main options:

- Scatter in a meaningful location (browse our scattering tubes on pages 23 and 28)
- Bury in a meaningful location (browse our biodegradable urns on pages 29-31)
 - Display in the family home (browse our ornamental urns starting on page 2)
- Share between family members (browse miniature keepsake urns on pages 25-27 or ash keepsake jewellery on pages 32-33).

There are also many more imaginative and creative ways to pay tribute to the life of a loved one, which are not outlined here.

Whatever you decide to do, you could retain a small amount of the ashes to wear in a jewellery pendant or to fill a miniature keepsake urn; so the options outlined above are not necessarily mutually exclusive.

Special Order Urns

All of the urns shown in this brochure are available for immediate dispatch from stock. However, we are able to supply a great many other styles to special order. Our complete range can be seen on our website, www.shawsfuneralproducts.co.uk.

Special order urns are subject to longer lead times. The website makes it clear for each special order item what the lead time will be. Normally special order urns are dispatched within 1-3 weeks.

Returns Policy

Faulty goods

Our cremation urns are subjected to meticulous inspection to ensure that they are of the highest quality and blemish free. In the unlikely event that there is an obvious defect, please notify us immediately on 01322 621100 and return the goods to us.

If your goods are faulty we will offer a prompt replacement. This does not apply to faults caused by accident, neglect or misuse. We must be notified of the fault within 48 hours of receipt.

Returning non-faulty goods

If you return your goods in their original condition within seven days of receipt, we will be able to offer an exchange or we will refund your money. The cost of the original postage of the item will be deducted from the refund.

Returning your goods is simple. Contact us on 01322 621100 to arrange a return using the Collect+ service. Any items to be returned should be packaged carefully and should reach us in their original condition.

Please note that we are unable to offer a refund for, or exchange, an item if it has been personalised for you.

What Size Urn to Order?

The average sized adult in life will create about 3.5 litres of cremated remains. Most of our adult urns have a standard capacity of 3 litres or above, although some have much larger capacities (see note below).

How much ash is left after cremation?

Industry guides says that for every pound of body weight, allow one cubic inch of cremated remains. Standard size urns have approximately 200 cubic inches or 3.5 litres of internal volume and are suitable for an average adult. 1 litre is 61 cubic inches and 1 cubic inch is 0.0164 litres.

Example

1 pound = 1 cubic inch of ashes

14 stone = 196 pounds

196 cubic inches x 0.0164 litres = 3.2144 litres of ashes

The table below shows the urn capacity required for a full set of ashes for different body weights.

Body weight	Cremins created
10 stone	2.296 litres
11 stone	2.526 litres
12 stone	2.755 litres
13 stone	2.985 litres
14 stone	3.214 litres
15 stone	3.444 litres
16 stone	3.674 litres
17 stone	3.903 litres
18 stone	4.133 litres
19 stone	4.362 litres
20 stone	4.592 litres

Large Capacity Urns

The funeral industry offers a wonderful array of cremation urns, but most are only suitable for containing capacities of cremated remains up to approximately 3.5 litres (which will hold the ashes of an average-sized adult). Shaw's Funeral Products are delighted to offer a number of styles which can contain greater capacities of cremains.

Extra large capacity urns are featured on our website in a dedicated category "Cremation urns (extra large capacity)". Within this category, a large number of extra large capacity urn styles are available from stock for immediate dispatch, while a wider range of urns are available to special order (with a lead time of approximately 10 working days).
