SPECIAL NOTES

SHAW'S
FUNERAL PRODUCTS
A Civica Group company

Shaw's Funeral Products, a division of Shaw & Sons, founded in 1750, are suppliers of high quality commemorative items and specialist accessories for funeral professionals.

Foremost is a range of unique ornamental ash caskets in a variety of materials and styles, from the traditional to the ultra-modern. Most of these exquisite items are hand made by craftsmen and all pass stringent quality tests to ensure that they are amongst the finest urns available anywhere. Miniature keepsake versions of many of the urns, as well as several additional styles, are available for use where ashes are to be retained by more than one relative or friend of the deceased.

Also featured is a high quality ash jewellery collection to contain mementos of loved ones.

Finally for the bereaved is a series of beautiful memorial books in a choice of styles, to record tributes to the deceased.

For funeral professionals themselves, an extensive range of practical products is included within these pages to help make the service they offer their customers smoother and more efficient.

REMEMBRANCE ITEMS

The following pages feature our range of exquisitely crafted cremation urns. These beautiful pieces come in a wide variety of materials and in styles that range from the traditional to the ultra-modern.

Every urn is meticulously checked to ensure it is of the highest quality and blemish-free.

Many of the following urn designs are patented to ensure that they cannot be copied; however, it has not been possible to patent all the designs and buyers should be aware that similar products available elsewhere may not be made to the same exacting standards.

All urns shown here are available from stock. However, we are able to supply a great many other styles to special order: our complete range can be seen on our website www.shawfuneralproducts.co.uk

This icon symbolises that the item or range is part of the Funeral Products collection, premium quality-products made under fair working conditions.

The Signature Collection

Each of these urns is a work of art and makes a stunning feature in any setting.

"Lotus Flower"

This stainless steel lotus flower is simply breathtaking... Its sculptural petals surround a central ashes chamber with a circular plate which seals upon assembly with the use of a double-sided adhesive pad.

Crystal Urns

Every crystal urn from the collection is made from the world-famous Bohemian crystal. This crystal from the Czech Republic is characterised by having the same sparkle as diamonds.

Each urn is hand blown by an experienced professional and is an exclusive piece of art. The art of glass-blowing has been around for millennia, but is still considered today as a demanding technique which is very difficult to master. This is why each urn has its own unique details, although the basic design always remains the same.

The urns are provided with a stainless-steel stopper, which gives the product an extra elegant look.

Marble Urns

The stone that is used for these marble urns comes from highly-prized stone caves in Asia.

Each urn is finished and polished by hand. As marble is a natural product, no two marble urns will ever be the same.

Marble urns feature lids which rest atop the urn. Lids can be glued in place to permanently seal the urn.

Marble keepsake urns have a plastic plug / screw closure.

Ceramic 'Celest' Urns

The Celest urn range is an elegant, glossy and contemporary take on the classic and symbolic teardrop shape which will complement most interior décor. The urns are artisanally manufactured using premium-quality ceramic. Specially selected ingredients are blended into clay, moulded into an urn, and decorated with an innovative finishing.

Ceramic urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place.

Wooden (MDF) Urns

The design of this wooden urn is characterised by simplicity and modern style in combination with remarkable details.

Made by hand and easy to fill via the base, these urns can be customised by inserting the photo of a loved one.

MDF, or Medium-Density Fibreboard, is a medium density pressed board. In contrast to soft- and hardboard, glue is added when producing MDF board. The very finely ground wood fibres are mixed with synthetic resin glue and pressed in a dry state. From this arises a plate which is used for manufacturing the urn.

Infant Arboform Urns

Our baby and child urns have been designed to express the essence of childhood, using motifs of innocence and play.

The biodegradable material from which this urn is made 'Arboform' allows you to bury the urn should you so wish (they are designed to biodegrade fully over a period of approximately 7 years). Alternatively, if you prefer to keep the urn close, it will remain suitable for display purposes indefinitely, as it will remain stable until buried.

Customisable Urn Bases

Our customisable urn bases are the perfect way to personalise an urn without having to engrave or damage the urn itself.

Bases have a dark brown/black gloss finish with wood effect platform 4.5cm deep. They come in three sizes (small, medium and large) and are customised using either a silver or gold effect plaque. A meaningful message or name can be engraved on the plaque (engraving advisable, but not limited to, up to approximately 3 lines of 30 characters).

Applications for plantable seed paper memorial tokens or bookmarks:

- As a thoughtful gift to your client, perhaps included in the company literature or attached to the invoice.
- To send to those unable to attend the funeral service, so that they can hold their own memorial service in their own garden.
- As a subtle business card. Offer your personalised tokens or bookmarks to attendees of funeral services and you will ensure that your company name stays with them long after the event. A caring and thoughtful gift for the bereaved congregation. An extremely powerful and effective marketing tool for your business.
- As an added value item for your client to purchase for giving out to family and friends at the funeral service so that every attendee can grow a tribute to the deceased. Any sales of plantable seed tokens arranged via funeral homes to the client themselves will benefit from free subtle advertising of the funeral business on the reverse of the token. We can supply personalised order forms for this purpose.
- Anniversary of Death gifts: show your clients you are thinking of them as they remember the anniversary of their loved one's passing.

*I'd like the memory of me to be
a happy one.*

*I'd like to leave an afterglow of smiles when
life is done.*

*I'd like to leave an echo whispering softly
down the ways,*

to dry before the sun;*

*Of happy memories that I leave

*In loving memory of Henry Shaw

Do not stand at my grave and weep;

I am not there. I do not sleep.

I am a thousand winds that blow.

I am the diamond glints on snow.

I am the sunlight on ripened grain,

I am the gentle autumn rain.

*When you awaken in the
morning's hush,*

I am the swift uplifting rush

Of quiet birds in circled flight.

*I am the soft stars that shine
at night.*

Do not stand at my grave and cry;

I am not there, I did not die.

Special order urns are subject to longer lead times. The website makes it clear for each special order item what the lead time will be. Normally special order urns are dispatched within 1-3 weeks.

What Size Urn to Order?

The average sized adult in life will create about 3.5 litres of cremated remains. Most of our adult urns have a standard capacity of 3 litres or above, although some have much larger capacities (see note below).

How much ash is left after cremation?

Industry guides says that for every pound of body weight, allow one cubic inch of cremated remains. Standard size urns have approximately 200 cubic inches or 3.5 litres of internal volume and are suitable for an average adult. 1 litre is 61 cubic inches and 1 cubic inch is 0.0164 litres.

Example

1 pound = 1 cubic inch of ashes

14 stone = 196 pounds

196 cubic inches x 0.0164 litres = 3.2144 litres of ashes

The table below shows the urn capacity required for a full set of ashes for different body weights.

Body weight	Cremains created		
10 stone	2.296 litres	15 stone	3.444 litres
11 stone	2.526 litres	16 stone	3.674 litres
12 stone	2.755 litres	17 stone	3.903 litres
13 stone	2.985 litres	18 stone	4.133 litres
14 stone	3.214 litres	19 stone	4.362 litres
		20 stone	4.592 litres

Extra Large Capacity Urns

The funeral industry offers a wonderful array of cremation urns, but most are only suitable for containing capacities of cremated remains up to approximately 3.5 litres (which will hold the ashes of an average-sized adult). Shaw's Funeral Products are delighted to offer a number of styles which can contain greater capacities of cremains.

Extra large capacity urns are featured on our website in a dedicated category "Cremation urns (extra large capacity)". Within this category, a large number of extra large capacity urn styles are available from stock for immediate dispatch, while a wider range of urns are available to special order (with a lead time of approximately 10 working days).
